

GIVE YOUR STUDENTS THE

FIELD TRIP EXPERIENCE OF A LIFETIME!

Welcome **STEM Coordinators, Math and Science Teachers** to a new school year! We hope you had a wonderful summer to recharge and are ready for an exciting year. iFLY wants to provide your students with the experience of a lifetime with our STEM field trip program. Over 300,000 students and more than 10,000 schools have already experienced the thrill of an iFLY STEM field trip.

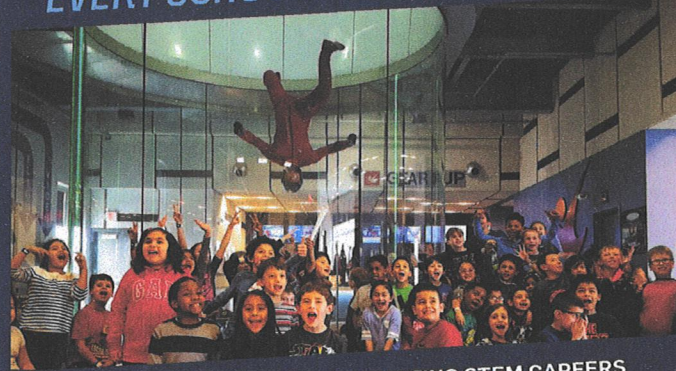

Our supercharged educational program, led by experienced STEM educators, will fully immerse students in the science, technology, engineering, and math that makes body flight possible in our state-of-the-art vertical wind tunnel. Our curriculum is:

- **Educational** – aligned with national/state teaching standards for K-12 students
- **Engaging** – hands on lab activities
- **Exciting** – thrilling physics demonstrations
- **Experiential** – each student flies one on one with a world-class flight instructor

Our dedicated STEM Team is ready to answer all your questions! Contact us during normal business hours at 512-630-4373 or by email at fieldtrips@iflyworld.com and please include your school's name, city, and state.

We can't wait to fly high with you and your students this year!

EVERY SCHOOL TRIP FOCUSES ON:

INCREASING AWARENESS OF EXCITING STEM CAREERS

ANALYZING THE EFFECTS OF FORCES ON OBJECTS

PLANNING INVESTIGATIONS, MEASURING & RECORDING DATA, AND INTERPRETING RESULTS

TEACHER RESOURCES TO USE PRE AND POST FIELD TRIP, LOCATED ON OUR WEBSITE: IFLYWORLD.COM/PROGRAMS/STEM-FIELD-TRIPS
